In summer, people love to go to parks. Children love going there with their families to enjoy the good weather and play around. <u>They</u> can play football, run and fly kites. But there are things they shouldn't do at the park. People mustn't make fire on the grass because it is very dangerous. Also, people shouldn't walk on the grass. Walking and riding bikes on the grass will destroy it. What about flowers? Should people pick flowers if they like them or want to smell them? Of course not! People mustn't pick flowers. Flowers make the parks look beautiful.
