More and more people are communicating in English every day. Why? Because people from different countries often speak English when they meet. Palestinian leaders speak English when they meet to talk about our country. It is the language of science and technology – the language scientists, doctors, businessmen and artists use.

About two billion people speak English in countries like Britain, the United States, Australia and India. Many more are learning it in schools all over the world.

Alice: When a dog barks, maybe it's angry, but maybe it's warning you that it hears something, or it wants food. A happy dog moves its tail and its ears are up.

Karama: I see! But I don't like dogs very much ...

Alice: I prefer cats. Listen! It likes me!

Alice: My favourite animal is the whale. Whales are big and beautiful, and they sing!

Animals talk to people in different ways and some people learn to understand. Koko is a very intelligent gorilla. She lives with some scientists in the United States. She knows about one thousand signs and she understands about two thousand words in English.

Many animals, like dogs, cats and elephants, make a noise to communicate and some animals communicate over a long distance.

Whales make a sound like singing and the noise travels hundreds of kilometres under the sea to other whales.

Some animals communicate in other ways. Bees dance when they find food. Then other bees know what direction to go in.

Stories about people talking to and understanding animals are popular in English. Three famous stories are *Tarzan*, *The Jungle Book* and the Doctor Dolittle books. Doctor Dolittle is a scientist with many animal friends. He talks to them in their languages.

4 Read and tick the true sentences. Then correct the false sentences.

Football is the world's favourite sport, with more than 250 million players in more than 200 countries. You only need a ball, people and a place to play. You don't need a pitch; it can be the street, a playground, a park or a beach. You can play when the weather is good, in the rain or when it's freezing (but that can be dangerous!).

Every four years, players from all over the world meet for the greatest football competition of all – the World Cup™. Most countries enter but only the 32 best teams go to the final. - race = competition
- many = lots of

Everyone wants to have the World Cup™ in their country – there is a competition for this also. The winning country needs to have good places for the matches – enormous stadiums with fine pitches. It also needs to have good transport for all the people who travel to watch the matches, and lots of places for them to eat and sleep.

The Class 7A Traditional Crafts show

A report by Noor and Ghada

The traditional craft show has just finished. It was amazing!

All of the pupils in 7A worked hard over the last few weeks and we all made something. We also had loads of fun doing it! We got everything ready last night. We made a sign and tidied up.

Many parents came to the school today to see the crafts. We are sure they all went home very pleased with what they saw.

We all think that Amani made the best ceramics. She made some amazing bowls from clay. They had lovely shapes and she painted loads of little flowers on the bowls. She used beautiful colours. They were fascinating to look at and all the parents wanted to buy one.

We all think Amani is going to be a great artist. She has been to Jerusalem to look at the ceramics they make there. One of the artists is going to teach her more.

I love this school! The people are friendly and the food is good. Can I come here every summer, please?

Give my love to Grandma,

Fatima

Everyday English

Come on, let's ...

Double two, six, oh, one, five

Enjoy yourselves!

Good idea!

Have you finished yet?

I don't think so!

I haven't seen you for ages!

I've changed my mind.

I've heard a lot about you.

Just a moment.

Let's see.

Never mind.

Pleased/Good to meet you.

That's strange!

That's why ...

We're all fine.

We've done it all!

What do you mean?

Who's speaking?
